

LOCAL MISCELLANY.

A VERDICT AGAINST MR. DE BOISVE.

THE EX-MAYOR OF LONG ISLAND CITY ORDERED TO REFINDE \$100,000—OTHER DISCREPANCIES SAID TO EXIST IN HIS ACCOUNTS.

The suit instituted against Ex-Mayor De Boive, of Long Island City, nearly a year ago to recover \$108,000 that it was alleged he had improperly converted was terminated yesterday by a verdict in favor of the complainants for \$100,000. The trial of the case has lasted nearly the whole of the present week. The jury had been in session on Thursday night to hear the verdict. When the verdict was announced De Boive, whose appearance in court since the trial began has been hazy and nervous, was greatly affected. He dropped into a chair by the side of his counsel, and placing his head between his hands wept aloud.

De Boive moved for a new trial on the ground that the motion was denied. Judge Barnard also refused to grant a stay of proceedings. In doing so he said: "This defendant is found guilty of converting large sums of money to his own private use which he has no right to, and which belonged to other people, who placed him in an office of trust, and whose servant he was. He has had a fair and impartial trial, and the verdict is in favor of the complainants. The court can only entertain bonds for the security of the judgment, and unless such bonds be fixed upon the defendant in this action must be held in default."

Ex-Mayor De Boive was then permitted to go at liberty on his own bonds. The result of this trial is a complete justification of the Island City that carried out a large extent had prevailed during the administration of Ex-Mayor De Boive.

A report prevailed in Long Island City last night to the effect that the Citizens' Committee intended to prosecute City Clerk Moran, who signed the bonds that were sold by De Boive and authorized the issue of the bonds.

Under the statute authorizing the issue of the bonds it was provided that they should be issued only upon the authority of the Common Council. It does not appear that the Citizens' Committee intended to prosecute the over-issuance of the bonds, but every bond issued in excess of De Boive was signed by him and Moran.

De Boive was signed by him and Moran. He said he had accurate information from a reliable source that at least \$50,000 in the Water Department, and he had called upon Mayor Ferry for a detailed statement of the bond account of the department.

The Aldermen expressed a determination to do all in his power to punish the persons responsible for the stolen vouchers and bonds.

The officials of the city, who had these bonds and papers under their control must account to the Common Council and to the people for their absence. It is a significant circumstance that a single document of the bonds was found in the possession of De Boive.
